

## Our Mission Statement

Our organization strives to educate interested individuals about the mysteries of the Occult and teach safe and practical magick. We believe it is our duty to educate not only those who wish to walk this path but those who are fearfully ignorant. We believe in holistic interventions to bring well-being and well-roundedness to individuals facing societal and systemic stressors due to their spiritual practice. It is with our greatest efforts that we create a world where, regardless of beliefs, all humans are treated justly both systemically and socially, by creating a safe community that honors our personal autonomy, right to practice religion, freedoms, and safety.

## What We Believe

Honor the esoteric in that this knowledge should not be known by all except those who seek it.

Have respect for all and learn from disagreements. May all judgments be made with reason and logic based in a reality that is in accordance to our best scientific understanding of the world.

Accept spirituality, not as false superstition, but rather as a science waiting to be discovered by the pure of mind. None shall bow before dead gods.

There is no infallible being. The pursuit of perfection is one that is everlasting and ever changing. We each are responsible for our own autonomy and accept the consequences of our actions. No ruler is above me, nor am I above any other.

Be merciful and generous to those who have proven themselves worthy.

Be ethical and law abiding.

## What We Do

Educate the public to the practices and beliefs of modern Craft practitioners and combat the stigma associated with Witches, Occultists, Satanists, and Luciferians.

Create and support movements for social and policy change that may otherwise damage the environment, safety and wellbeing of a population, or blatantly discriminates against a system of beliefs as in accordance to our principles.

Provide our community with a means of Coven involvement through outreach efforts that benefits individuals and families without requiring Coven initiation.

To be a place to safely unite, learn, and practice Luciferian Witchcraft for personal gain, spiritual enlightenment, and facilitate community without the fear of harm or discrimination.

We practice social and cultural sensitivity for all, providing the most basic needs for individuals to help themselves, allowing the community to be effective as a collective whole.

## Who We Are

We are a family-friendly coven who strives to create unity amongst strong willed, powerful, and independent individuals who believe in the Luciferian philosophy and practice witchcraft. We take in individuals from all walks of life and backgrounds with various levels of knowledge of the occult.

## Meet the Elders

Madam Widow. High Priestess and CEO of Ord Na Thaumiel. She is a Necromantic Hierophant and Ordained Bride of Lucifer. She works only in the darkness and is the primary author of our esoteric texts. She is a mental health and spiritual counselor.

Master Phosphorus. High Priest and Treasurer of Ord Na Thaumiel. He is an Angelic Priest and Master Exorcist. He works only in the Light and brings balance to the coven through logic and religious counseling

Duke Alder. Secretary of Ord Na Thaumiel. He is a dual specialist in Demonomancy and Angelomancy, working with both hands and staying perfectly in balance. He is a supportive figure in the Coven who walks most initiates through their first year of trials.

## Join Us Today!

We are a coven who initiates individuals into the demonic current of Theistic Luciferianism on a case-by-case platform. All new members are expected to be sponsored, meaning entering the covenant is on an invitation only basis. If you have asked for information and received this pamphlet, you have an invitation to council with the Elders and the Coven to be vetted for initiation. If you feel you have an affinity for what we do, align with what we believe, and agree to our terms of membership then feel free to make your interview appointment.

Once the Coven has met with you and you are granted permission to proceed with your application you will be given instructions to purchase your membership package at approximately \$120. All members are responsible for the purchase of this package which includes a book on beginning and intermediate magickal practices, our Holy Text, and your personal Grimoire, complete with all of our ceremonial practices and basic reference material for magick.

The last step will be to set up your initiation date where your materials and official Coven Ring will be presented to you. Your trial year will begin to see how well you fit in with our other members and finally your official baptism will be scheduled.
